WE ARE OPTIC

Optic Security Group is Australasia’s largest independent provider of converged security (physical, personnel and information) risk management solutions, and we’ve been doing it for over 30 years.

We are excited to partner with you in establishing and enhancing your security risk strategy and governance, and in designing, integrating, installing, maintaining and servicing networked security systems.

MARKET LEADING PRODUCTS AND APPS

Optic Security Group partners with, supplies and installs the latest innovative products and platforms. We will assist you in creating the right solution for your situation.

A QUALIFIED SECURITY PROFESSIONAL TO DESIGN YOUR SECURITY SOLUTION

In accordance with our **Enterprise Security Risk Management (ESRM)** approach, our methodologies and solutions are aimed at lowering your exposure to security risks that could affect your organisation operationally, financially, or reputationally. We deliver risk-based – not product-based – solutions.

We will work closely with your Security and IT team to ensure security solutions are fit-for-purpose in terms of selection, design, deployment and maintenance, including regular risk, threat and vulnerability assessments and converged security audits.

We will ensure our delivery is also de-risked and reliable, including in relation to the availability of security product (supply chain) and equipment (including PPE), and appropriately qualified and experienced technical personnel, and Business Continuity Planning.
